THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE

Introduction

Thank you for your recent purchase of Owens Corning® roofing shingles and components ("Roofing System") manufactured by Owens Corning Roofing and Asphalt, LLC ("Owens Corning"). We believe we manufacture the highest quality and most attractive Roofing System available anywhere, and that is why we stand behind them with one of the best warranties in the industry. We have attempted to write this warranty in clear, plain English terms, so you will fully understand the warranty we are making to you. If anything in this warranty is not clear to you, please call us at 1-800-ROOFING or visit our web site at www.owenscorning.com/roofing.

Who Is Covered

To be entitled to the benefits of this Roofing System Limited Warranty: (1) your property must be located in the United States; and (2) you must be the original consumer purchaser (the property Owner, not the installer or contractor) of the Roofing System.

Eligibility Requirements for this Warranty

An Owens Corning® Shingle with a limited lifetime^Δ warranty is required in order to qualify for the Roofing System Limited Warranty. In addition, the following requirements must be met.

1. For your roof to qualify as a complete Roofing System, you must have purchased and installed Owens Corning® shingles and Owens Corning® Hip & Ridge shingles. Owens Corning® Hip & Ridge shingles include DecoRidge®, DuraRidge®, LongRidge®, ProEdge®, and RIZERidge®, plus in addition, you must purchase and install any 2 of the 4 products listed below (one product from each category where applicable): If less than 2 Owens Corning® components are used, these products will be warranted for the length of time as defined in their individual product warranties. See actual warranties for more detail.
 - a. At least one Owens Corning® VentSure® product (intake vent or exhaust vent) must be used as part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure® intake vent AND VentSure® exhaust vent are both used, this counts as 1 of the 3 requirements listed above. This system warranty excludes electrical components of the VentSure® Solar Attic Exhaust Fan and VentSure® off-ridge exhaust vents.
 - b. Owens Corning® Underlayment products including Owens Corning® Deck Defense® High Performance Roof Underlayment, ProArmor® Synthetic Roof Underlayment, RhinoRoof® U20, Titanium® UDL25, Titanium® UDL30, or Titanium® UDL50 Synthetic Roof Underlayment or FIBERGLAS® Reinforced Felt will count as one (1) of the two (2) requirements listed above if applied over the entire deck.
 - c. Owens Corning® Starter Shingle products; and
 - d. Owens Corning® WeatherLock®, Titanium® PSU30 or RhinoRoof® Self-Adhered Ice & Water Barrier products.
2. Your Roofing System must be installed according to application requirements published by Owens Corning and in accordance with all local building code requirements which are in effect at the time of installation.

Exceptions to the "Eligibility Requirements for this Warranty" section may be made in Owens Corning's sole discretion and must be approved in writing by Owens Corning prior to Roofing System installation.

What Is Covered

We warrant that your Owens Corning® Roofing System is free from any manufacturing defects that (1) materially affect their performance on your roof during the TRU PROtection® period or that (2) cause leaks during the balance of the applicable warranty period after the TRU PROtection® coverage period has expired. (To determine the length of the TRU PROtection® coverage period and the balance of the applicable warranty period, please see "How Long Are You Covered" below and the "Limited Warranty Information Table" at the end of this warranty.) This warranty applies only to those shingles purchased after January 1, 2018 and before the date a later warranty applicable to the shingles comes into effect.

This warranty does not cover non-Owens Corning® roofing components such as flashing, fasteners, pipe boots and wood decking.

How Long Are You Covered

ALL IMPLIED WARRANTIES APPLICABLE TO YOUR SHINGLES OR ROOFING SYSTEM ARE LIMITED IN DURATION TO THE TRU PROtection[®] COVERAGE PERIOD APPLICABLE TO SUCH PRODUCTS, AS PROVIDED BY THIS WARRANTY, UNLESS A SHORTER PERIOD IS PERMITTED BY APPLICABLE LAW. SOME STATES OR PROVINCES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

- TRU PROtection[®] Coverage Period**—From the installation of the shingles through the TRU PROtection[®] coverage period of this warranty, Owens Corning will, compensate you to either repair, replace or recover defective Owens Corning[®] Roofing System components. The compensation provided by Owens Corning is limited to the cost of replacing Owens Corning[®] Roofing System components and the labor directly required to repair, replace or recover such defective Owens Corning[®] Roofing System components as reasonably determined by Owens Corning. Our compensation will not cover any non-Owens Corning[®] Roofing System underlayment, metalwork, flashings or other related work, and we will not cover the cost to remove or dispose of your Roofing System. The TRU PROtection[®] coverage period does not apply to Wind and Algae coverage. Please see **“What About Wind Resistance”** and **“What About Algae Resistance”** portions of this warranty for applicable coverage. Owens Corning reserves the right to arrange directly for the repair or replacement of your Products instead of compensating you directly. This compensation is limited as follows:
 - If Owens Corning decides to replace the shingles, Owens Corning will compensate you only for the cost of replacement Owens Corning[®] shingles and the labor directly required to replace the defective shingles, both as reasonably determined by Owens Corning.
 - If Owens Corning decides to repair or recover the shingles, Owens Corning will compensate you only for the cost of the labor directly required to repair or recover the defective shingles as reasonably determined by Owens Corning.
 - The TRU PROtection[®] coverage period does not apply to wind and algae coverage. Please see **“What About Wind Resistance”** and **“What About Algae Resistance”** below for applicable coverage.
- Prorated Period**—Once the TRU PROtection[®] coverage period for the Owens Corning[®] Roofing System purchased has expired, the prorated period will begin. During this prorated period, we will provide prorated compensation of the cost of the defective Owens Corning[®] products, but no labor or other costs will be covered during the prorated period, and we will take into account the number of full years of use you have enjoyed your Roofing System from the original installation date through the date of your claim, and reduce the amount of our compensation to you accordingly. We will prorate the amount of our compensation to you to adjust the number of years you have enjoyed from the original installation through the date of your claim. For example: If you make your claim in the 15th year of the warranty, we will not cover labor but our compensation to you will be 72% of the Owens Corning[®] Roofing System components cost at the time of purchase. Further detail can be found on the **“Limited Lifetime^A Roofing System Proration^S Table”** below.
- Other Types of Structures**—The coverage for the Owens Corning[®] Roofing System offered by this warranty depends on the structure of which the shingles are installed and the owner of the structure. Lifetime coverage for all Owens Corning[®] shingles applies only to single-family detached homes where the owner of the roof is the resident occupying the home. In the instance of a Roofing System purchased or installed upon property owned by others, for example, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums, homeowners' associations or cooperative housing arrangements, or installed on any other structures (for example, on apartment buildings or any other type of building or premises not used by individual homeowners as their residence), the warranty period will be 40 years from the original installation date of the Roofing System, and the TRU PROtection[®] coverage period will be five years. Further detail can be found on the **“Limited Lifetime^A Roofing System Proration^S Table”**. Owens Corning reserves the right to arrange directly for the repair or replacement of your Products instead of compensating you directly.

^A For as long as owner owns home.

++ Of costs covered under this warranty.

[§] Proration is calculated annually, based on the original installation date. There are no partial year prorations.

4. **Exceptions**—All of Owens Corning's obligation of Compensation under this warranty (whether for repair, replacement, recover or refunding a prorated portion of the cost of the defective Roofing System components are subject to the limitations provided by this warranty. Any replacement Owens Corning products will be warranted only for the remainder of the original warranty period. Owens Corning will not provide compensation for any underlayment, metalwork, flashings or other related work, and we will not compensate for the cost to remove or dispose of your Roofing System.
5. **What About Wind Resistance**—Your shingles and Hip & Ridge (the Shingle Products) contain asphalt sealant that requires direct warm sunlight for several days (Thermal Sealing) in order to seal properly. If your Shingle Products are installed during a period of cool weather, they may not adequately seal until the season changes or the weather warms, and if your Shingle Products never receive direct sunlight or are not exposed to adequate surface temperatures, they may never achieve Thermal Sealing. Prior to your shingles achieving Thermal Sealing, your Shingle Products are more vulnerable to blow-offs and wind damage. This is the fundamental nature of Shingle Products and not a manufacturing defect, and we are not responsible for any blow-offs or wind damage that might occur prior to Thermal Sealing having occurred. After your Shingle Products have achieved Thermal Sealing, however, they will be covered under this warranty if they experience blow-offs or wind damage in winds (including gusts) up to the levels and for the period from the original installation date ("**Wind Warranty Period**") listed in the "**Limited Warranty Information Table**" listed in the chart at the end of this warranty.

HOWEVER, THE COVERAGE AGAINST SHINGLE PRODUCT BLOW-OFFS OR WIND DAMAGE IS IN EFFECT FOR A PERIOD OF 15 YEARS FROM THE ORIGINAL DATE OF INSTALLATION. Owens Corning will be liable only for the reasonable cost of replacing blown-off Shingle Products (to include material and labor during the applicable TRU PROtection® warranty period) and the reasonable cost of manually sealing the unsealed Shingle Products remaining on the roof. Owens Corning is not responsible where the damage or blow-offs are caused by damage to the underlying structure.

6. **What About Algae Resistance**—If the Shingle Products that you purchased were not specifically labeled as "Algae Resistant" (AR), then any discoloration caused by algae is not covered by this warranty as explained in the section below, "**What Is Not Covered**" below. However, if you did purchase AR Shingle Products, they are covered for the period described in the "Limited Warranty Information Table" at the end of this warranty following the date of installation ("AR Warranty Period") against brown-black staining caused due to growth of cyanobacteria *Gloeocapsa magma* algae. We do not cover the effects of other growth such as mold, lichen, and green algae. If brown-black staining occurs during the AR Warranty Period, you will be entitled to the following remedy:
 - A. **Remedy for Algae Growth**—If your AR Shingle Products are discolored due to cyanobacteria algae growth during the first year of the AR Warranty Period, we will compensate you for the cost, including labor (such cost not to exceed the cost of the AR Shingle Products plus the cost of installation), as reasonably determined by Owens Corning, to repair, replace or recover the affected AR Shingle Products. For purposes of this AR Shingle Products warranty, the term "repair" as used above refers to cleaning or otherwise removing any algae growth from affected AR Shingle Products. Decisions regarding whether your AR Shingle Products should be repaired, replaced or recovered will be made solely by Owens Corning.
 - B. **Proration**—If your AR Shingle Products have been installed longer than 1 year, labor will not be covered and compensation will be limited to a prorated amount of the cost of the affected AR shingles. We will prorate your compensation to take into account the number of full years of use that you have enjoyed from the original installation date through the date of your claim. For example: If you make your claim anytime in the 4th year of the AR warranty and the AR Warranty Period is 10 years, our compensation to you will be the amount of the cost of the affected Owens Corning® AR Shingle Products reduced by 3/10ths of the cost of the affected AR Shingle Products).

Transferability of This Warranty (Note: Based on Original Installation Date)

This warranty is not transferable except as follows: You may only transfer this warranty 1 time, anytime during the life of the warranty to the purchasers of the structure on which the shingles are installed. For this warranty to transfer and the second Owner to obtain the benefits of this warranty, the second Owner must within 60 days after the date of the real estate transfer contact 1-800-ROOFING and submit together (1) proof of purchase of the Owens Corning® Roofing System; and (2) the installation date and ownership history.

- (1) If the transfer takes place within the TRU PROtection® Nonprorated period (see "**Limited Warranty Information Table**"), the second Owner is entitled to the same coverage as the original Owner.

- (2) If the transfer occurs after the TRU PROtection® Nonprorated period (see **“Limited Warranty Information Table”**), the balance of this warranty shall be reduced to a 2 year period after the date of ownership change. If there is a manufacturing defect that causes leaks during this 2 year period, our compensation to the second Owner will be based only on the reasonable cost of replacement of the Owens Corning® Roofing System reduced by the amount of use the second Owner and the original Owner have enjoyed from the original installation date through the date of your claim.
- (3) The AR Warranty Period and Wind Warranty Period are fully transferable. The second Owner will receive the balance of the coverage outlined in the **“Limited Warranty Information Table”** based upon the original installation date.

Our warranty does not cover damage to the Owens Corning® Roofing System due to any cause not expressly covered in this warranty. After our Roofing System leaves our manufacturing facility, it is subject to conditions and handling beyond our control that could affect their performance. Some examples of conditions not covered by this warranty include:

1. Acts of God, such as hail, strong storms or winds (including gusts) over the maximum wind speed listed in the **“Limited Warranty Information Table”** at the end of this warranty, ice damming above the area covered by leak barriers or flashings or snow or water infiltration through exhaust vents.
2. Damage to or failure of the Roofing System as a result of damage to or the failure of the underlying roofing structure, or failure and/or rusting of roof nails.

7. Settlement of the structure of your property or buckling or cracking of the deck over which your Roofing System is installed.
8. Leaks caused by pre-existing conditions, structural failures(s) or damaged area(s) on or near the roof that are not part of the Roofing System such as chimneys that have loose or cracked mortar, skylight seams, or soil pipe boots allow water to enter the structure or Roofing System.
9. Damage to the shingles caused by alterations made after completion of application, including structural changes, equipment installation, power washing, painting or the application of cleaning solutions, coatings, or other modifications.
10. Any damage due to debris, resins or drippings from foliage.

Replacement Shingle Variations

As a result of our ongoing efforts to improve and enhance our Shingle Products, we must reserve the right to discontinue or modify our Shingle Products, including their colors. We are not liable to you if you make a warranty claim in the future and any replacement Shingle Products you receive vary in color either because of normal weathering or changes in our product line. You should understand that if we replace any of your Shingle Products under this warranty, we reserve the right to provide you with substitute Shingle Products that are comparable only in quality and price to your original Shingle Products.

Compensation

Under the terms of this warranty, the manner of compensation is at Owens Corning's sole discretion and may be arranged directly by Owens Corning or issued in the form of cash settlement and/or material credit for Owens Corning® Products to an existing supplier of Owens Corning® Roofing materials. All costs must be pre-approved by Owens Corning.

Claims Process & Right of Inspection

To make a claim under this warranty, you must do so within 30 days after you discover the problem. To fully evaluate your claim, we may ask you to provide, at your expense, pictures

of your shingles or shingle samples for us to test. You must do so in order to be eligible to make a claim under this warranty. To make a claim or if you have any questions, do not hesitate to call 1-800-ROOFING or visit us at www.owenscorning.com/roofing. If you repair or replace your Owens Corning® products before Owens Corning has made a determination on your claim, your claim may be denied. Owens Corning shall have a reasonable time after notification of a claim to inspect the roof. If requested by Owens Corning, the owner shall provide Owens Corning with reasonable access to the roof, during normal business hours, for the purpose of conducting an inspection of the roofing products.

No Modifications to this Warranty

The terms of this warranty may not be waived or modified (whether by a statement, omission, course of dealing or any act), except in writing signed by an officer of Owens Corning or a licensed attorney in the Owens Corning legal department or by the Owens Corning Technical Inspection Leader. Other than such an officer or attorney or Technical Inspection Leader, nobody (regardless of whether an Owens Corning employee, a contractor, an installer or otherwise) has authority to act on behalf of Owens Corning (for example to waive or modify this warranty, to make representations or warranties or to undertake any liability). This warranty represents the entire agreement between the parties and replaces all other communications, warranties, representations and guarantees.

Mandatory Arbitration

To the extent permitted by applicable law, Owens Corning and you agree to arbitrate all disputes and claims arising out of or relating to this warranty or Owens Corning® shingles ("Dispute"). This warranty evidences a transaction in interstate commerce, and the Federal Arbitration Act governs the interpretation and enforcement of this provision. A party who intends to seek arbitration must first send to the other, by certified mail, a written notice of intent to arbitrate ("Notice"). The Notice to Owens Corning should be addressed to: One Owens Corning Parkway, Toledo, Ohio 43659 ("Arbitration Notice Address"). The Notice must (a) describe the nature and basis of the claim or dispute; and (b) set forth the specific relief sought ("Demand"). If the parties do not reach an agreement to resolve the claim within 30 days after Notice is received, you or Owens Corning may commence an arbitration proceeding. All issues are for the arbitrator to decide, including the scope of this arbitration clause, but the arbitrator is bound by the terms of this warranty. The arbitration shall be governed by the Commercial Dispute Resolution Procedures and the Supplementary Procedures for Consumer Related Disputes (collectively, "AAA Rules") of the American Arbitration Association ("AAA"), as modified by this warranty, and shall be administered by the AAA.

YOU AND OWENS CORNING HEREBY WAIVE THE RIGHT TO A TRIAL BY JURY.

The arbitrator may award injunctive relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief warranted by that party's individual claim.

YOU AND OWENS CORNING MAY BRING CLAIMS AGAINST THE OTHER ONLY IN EACH PARTY'S INDIVIDUAL CAPACITY, AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING.

Further, you agree that the arbitrator may not consolidate proceedings of more than one person's claims, and may not otherwise preside over any form of a representative or class proceeding.

Governing Law and Forum

This warranty and all Disputes are governed by United States Federal laws and laws of Ohio. Subject to the "Arbitration" provision in this warranty, if there are any Disputes that cannot be arbitrated, then the parties consent to the exclusive jurisdiction and venue of the state and federal courts in Ohio with respect to such Disputes.

Savings and Severability

To the extent that this warranty is inconsistent with applicable law, this warranty is hereby modified to be consistent with such applicable law. If an arbitrator or court determines that any term in this warranty is illegal or unenforceable, the parties intend for the arbitrator or court to interpret or modify this warranty to effect the original intent of the parties as closely as possible while rendering the term and this warranty fully legal and enforceable. If a term in this warranty cannot be rendered legal and enforceable accordingly, the parties intend for the arbitrator or court to sever the illegal or unenforceable term from this warranty, leaving the remainder of this warranty enforceable.
